

South Carolina Society of Pathologists

Annual Meeting
September 13-14, 2025
Grove Park Inn - Asheville, NC

Saturday, September 13, 2025 – *Saturday meetings and events will be held at the Country Club with shuttle available at all times.*

- 6:30 am – 7:15 am **Exhibits Setup**
- 7:15 am – 8:00 am **Registration/Breakfast/Visit Exhibits**
- 7:15 am – 12:00 pm **Visit Exhibits**
-
- 8:00 am – 9:00 am **Welcome - Gordon R. Hennigar Lecture**
Lipomatous Tumors: A Practical Approach
Karen J. Fritchie, MD, Director, Soft Tissue Pathology Service, Cleveland Clinic, Cleveland, OH
-
- 9:00 am - 9:15 am **Coffee Break and Visit Exhibits**
-
- 9:15 am - 10:15 am **Gordon R. Hennigar Lecture (continued)**
Sarcomas of the Retroperitoneum and Abdomen: Navigating the Waters of Deep Central Sites
Karen J. Fritchie, MD
-
- 10:15 am – 10:30 am **Coffee Break and Visit Exhibits**
-
- 10:30 am – 11:30 am **Gordon R. Hennigar Lecture (continued)**
Common Diagnostic Scenarios in Soft Tissue Pathology: How to stay out of trouble
Karen J. Fritchie, MD
-
- 11:30 am – 12:00 pm **Gordon R. Hennigar Lecture (continued)**
Common Acral Soft Tissue Tumors: The Answer is at Your Fingertip
Karen J. Fritchie, MD
-
- 12:00 pm **Adjourn**

Dinner, Saturday September 13, 2025 - *All events will be held at the Country Club - shuttle available*

- 6:00 pm – 7:00 pm **Resident Poster Review/Judging**
- 6:00 pm – 7:00 pm **Cocktails at Grove Park Inn Country Club**
- 7:00 pm – 9:00 pm **Dinner at Grove Park Inn Country Club**

Sunday, September 14, 2025 – *Business Meeting held in hotel - Vanderbilt Wing – Roosevelt Room*

8:30 am – 9:00 am **Breakfast**

9:00 am – 11:30 am **Business Meeting of the Society – Wilson OP/Vanderbilt Wing**

11:30 am **Adjourn**

Learning Objectives

Listed below are the objectives that each attendee should be able to achieve at the end of this specific session.

Lipomatous Tumors: A Practical Approach

Learn and apply basic principles of well-differentiated fatty tumors

Discuss benign and malignant lipomatous neoplasm

Understand the utility of *MDM2* fluorescence in situ hybridization (FISH) studies in the workup of fatty tumors

Sarcomas of the Retroperitoneum and Abdomen: Navigating the Waters of Deep Central Sites

Recognize common sarcomas that arise in deep central sites

Understand the application of immunohistochemical stains and *MDM2* FISH in the workup of retroperitoneal/abdominal sarcomas

Identify pitfalls of *MDM2* FISH

Common Diagnostic Scenarios in Soft Tissue Pathology: How to Stay Out of Trouble

Review common histologic patterns encountered in soft tissue pathology

Learn to manage small biopsy specimens efficiently and effectively

Common Acral Soft Tissue Tumors: The Answer is at Your Fingertip

Recognize common soft tissue tumors that arise at acral sites

Utilize pertinent ancillary studies in the work up of mesenchymal tumors of the distal extremities

CME Credit

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the South Carolina Medical Association and the South Carolina Society of Pathologists. The South Carolina Medical Association is accredited by the ACCME to provide continuing medical education for physicians. The South Carolina Medical Association designates this “live activity” for a maximum of 3.50 *AMA PRA Category 1 edit(s)*TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
